

IO SIG Professional development: Building Great Teams

This programme is for:

- Practitioners who coach leaders to build teams, or directly facilitate team building
- Those wishing to gain team building and facilitation experience in a safe and friendly environment

The day will be heavily practice based i.e. each theory, tool or concept introduced will be practised or demonstrated where practicable.

The course will include:

- Why high performance teamwork is one of the foundations of continuous improvement and productivity
- What teams need to do to be successful
- The Team Leader's/Manager's role in team development
- A model of team development and empowerment
- Formal v. informal roles in teams
- How to measure team effectiveness

Workshop participants will have the opportunity to use a range of team diagnostics; practise setting team targets; establish team roles and procedures; and, discuss methods of resolving team conflict and improving team performance.

Presenter:

Jolyon Allen is Director of Allen & Allen Consultants, and an Associate of IntentGroup. Prior to this he worked for fifteen years as a Registered Psychologist in the health sector and, for ten years as an Organisation Development Consultant with KPMG.

Jolyon has hands-on experience of team building and team development in a range of industries – dairy, forestry, manufacturing, aviation, finance, entertainment and health. He also trains managers and team leaders in how to build teams and sustain teamwork.

Jolyon holds a Master of Arts with First Class Honours, a Diploma in Clinical Psychology and an MBA.

Host: The Industrial Organisational Psychology Special Interest Group (IO SIG) in association with AUT

Date: Thursday 4 November

Venue: AUT Manukau Campus, Building MB, Room MB 317, 640 Great South Road
